Activities

A2 Data Dive 2019 Alternative Spring Break UX Volunteer UMSI Website Heuristics Evaluations

EXPERIENCE

Michigan Ross Zell Lurie Insitute

UX Designer

Ann Arbor, MI | Sep 2019 - Present.

- Conducted interviews, heuristics evaluations, and usability testings for the Content Management System (CMS) of LineLeap, a Y-Combinator-supported startup provising a marketplace for nightlife purchases.
- Identified three challenges and business opportunities, leading to a full redesign of the system from scratch that aims to increase the revenue for the startup.

Clinc, Inc.

UX Research Intern

Ann Arbor, MI | Oct 2019 - Dec 2019

- Evangelized UX research within Clinc, one of the most invested conversational AI startups, by recreating a set of personas and providing an action plan to help establish a shared language within the team and adopt user-centered approach in Clinc's product development process.
- Revealed eight major platform issues and over 30 usability pain points through in-depth interviews that led to the platform's roadmap for 2020.

Essential Products Inc.

Palo Alto. CA | Jun 2019 - Aug 2019

UX Research Intern

Conducted creative user research studies under project constraints at
 Essential, a consumer electronics startup developing innovative communication experiences, in order to discover compelling usage scenarios for the
launch of a new product in order to resonate with potential customers.

FordLabs RetroQuest

Graduate UX Researcher

Ann Arbor, MI | Jan 2019 - Apr 2019

• Conducted various needs assessments and usability evaluations and identified major user needs and 10+ pain points of the application, helping the team improve the developer productivity and meeting efficiency at Ford.

Dynamo Metrics

Ann Arbor. MI | Sep 2018 - Jun 2019

Graduate UX Designer

• Redesigned the data visualization system to enhance the usability of code inspection tasks for the officers at the City of Jackson.

Synology Inc.

Taipei, Taiwan | Oct 2016 - Jul 2018

Marketing Specialist

- Developed go-to-market plans of the vertical markets for Synology, a leading network-attached storage brand offering hybrid cloud solutions to enterprises and consumer, through field research, expert interviews, and market research, providing key action plans for the video production vertical market.
- Managed web development projects for online marketing campaigns and offline events, contributing to 20% growth in event registrations in Dubai.

National Taiwan Normal University Taipei, Taiwan | Jun 2013 - Jan 2016 Research Assistant, Chinese Semantics Lab

- Conducted various behavioral experiments in cognitive linguistics, leading to three publications.
- Evaluated a self-learning web application with statistical analysis in a learning experiment.
